WORK EXPERIENCE

Front-House Staff Prep and Service

May 2021 – September 2021

Oh Yeah Creamery | Tampa, FL

- Collaborated with customers to select 4 ingredients from 40+ options, using specialized equipment to create unique ice cream flavors, handling over 90 customers a day.
- Adapted to stressful situations by staying focused and responsible, improving my ability to manage multiple tasks under pressure.

EXPERIENCE AND INVOLVEMENT

Commercial Web Game

November 2021 – January 2022

Personal Project | GML

- Led a team of three to create a web game using Gamemaker Studio 2, an industry standard 2D game engine.
- Sold a commercial license of the game to one of the largest game hosting websites, Cool Math Games, demonstrating marketable development skills.

Open Source Club

Jan 2024 – Present

Club Member | Expo, react-native, Javascript, HTML

- Successfully integrated into a large-scale open-source project by analyzing technical documentation and existing codebase architecture
- Onboarded new club members on project architecture and contribution best practices, accelerating their ability to make their first commit.

Movie Crew Based Film Recommendation System

Mar 2025 - Apr 2025

Group Project | C++

- Collaborated in a group of three to benchmark the performance of custom Adjacency List and Hashmap implementations for data retrieval
- Optimized parsing functions to read files of approximately 2.2 million data points and 200,000 unique movies, reducing load times by up to 50% compared to initial implementations

Facial Stress Recognition Website

Jan 2025

Personal Project | Next.JS, Javascript, HTML, React.js

- Built front-end features and components using MediaPipe and React for a stress detection app made with FastAPI and Next.js
- Implemented real-time facial expression analysis to assess stress levels with a team of three
